1. [REDACTED] Received a call from Mr. H. W. Wolff, Foreign Affairs Section, Congressional Reference Service, Library of Congress, who said he had a request from a member (a senator) concerning Ramsey Clark's statements in Hanoi. Wolff said tapes were made of those statements and the tapes, of course, would be unclassified since Clark was not a Government official at that time. He said the Senator indicated the tapes were turned over to the Agency. Wolff said they would like an authentic transcript of these tapes if possible. I told him I would check into this and have someone call him.

2. [REDACTED] Called Bill Dixon, House Judiciary Committee staff, and told him the formulation that he, Jerry Zeifman (General Counsel of the Committee) and I had worked out last Friday for their letter to us on the [REDACTED] matter seemed like a reasonable approach to our people. He said he already had the letter drafted but it might be several days before it reaches us. I told him I would be away for several weeks but that [REDACTED] was fully read in on the matter and would be glad to pick up on it. Dixon said he will not be the staff man who comes out to the Agency to talk with us about our material but he will let us know who is.
